

BIG ANNUAL PICNIC NOW ARRANGED BY ACTIVE COMMITTEES

Nothing Has Been Overlooked By the Knights of Columbus to Make Big Picnic on Thursday an Event Long to Be Remembered.

Next Thursday—June 22—is the date of the big picnic to be given at Beechwood Park by the Maysville Council Knights of Columbus and from the way members of the various committees are buzzing about town, it appears that plans long ago laid for the outing will be carried out in every detail and that nothing will be overlooked.

Already Monday, days before the big event, all the loose threads in the plans are being gathered up and last minute details are being carefully looked after to prevent the least friction on the day.

One of the features of the day will be the dancing in the pavilion with music by Hubbard, Hauke & Caproni trio. There will be dances of all sorts. Even the older folk will be gay and there will be square dances with a "caller" who knows his business to perfection. There will be the latest one-steps and fox trots as well for the younger set and everyone will have plenty of opportunities to "step out."

As is always the case at these picnics, the freak contests will furnish the fun and everyone is looking forward to the boxing bouts as features of the fun part of the program. There will be amplified radio concerts and plenty of all sorts of games. Refreshments will be plentiful.

The park gates will be opened at 10 o'clock in the morning and the famous Horseshoe Band will start off the big time with a concert at 1 p. m. This classy band will also play concerts throughout the afternoon and evening.

TO PLAN FOR UNION

SERVICES FOR SUMMER.
The local protestant churches will this week make plans for the series of union services to be held during the summer months at the evening hour on each Sunday. It is expected that the services will be so arranged as to have a band concert by one of the local bands in connection with the service each week.

SPECIAL SUNDAY SERVICES AT TENT WELL ATTENDED

Revival's Special Sunday Services Attended By Large Crowds of Men and Women—Fine Messages.

The special services at the big tent revival for both men and women were well attended Sunday afternoon. The subject of Rev. Howard's talk to men was "Manhood" and that of Mrs. Cox's talk to women was "Holy Women."

Special music was rendered in the evening service, both vocal and instrumental. A large crowd heard Evangelist Howard's sermon on "The Judgment." He began by reading the 20th chapter of Revelation followed by other scripture references. "Every one of us must stand before the judgment to give an account of our lives." "It is appointed unto man once to die and after death the judgment." "What then shall I do when God riseth up and when he visiteth what shall I answer Him?" and other which prove that there is a judgment. Those unforgotten sins which you have committed will be reproduced at the judgment. There is a hand that records all the events of your life and in the day of judgment they will be shown on the canvases.

What are some of the books spoken of in Revelation? (1) The book of thoughts. If you keep your thoughts clean, your life will be clean. Thoughts build character. (2) Book of habits, tobacco, drink, etc. (3) Book of motives. God knows us and has a correct estimate of motives behind deeds. (4) Book of influence. Do you make it easy for souls to be good in your presence? You cannot live apart from your influence and when you die it will live after you. What is your influence?

"OUR BOYS" CONTINUE TO PLAY ROTTEN BALL

Lexington Gets Its Hands on First Place By Maysville's Miserable Failure Sunday—Improvement Must Be Made.

The erstwhile Champions of the Bluegrass League continued their downward glide when they were defeated by the Paris club Sunday afternoon at the Forest avenue park by a score of 15 to 4. There was not a redeeming feature in the farce.

It was the fourth straight defeat for the Cardinals and their fifth loss in the last seven games, all happening after a winning streak of ten games. The fans who pay the price of a big league game are certainly entitled to a better brand of ball than this and their disgust finally reached the boiling point Sunday with threats of disloyalty and severe criticism of not trying to win. One move that puzzled the fans was the benching of Margerum for the first time this season. It is quite true "Hap" is not the star of the aggregation and is only batting around 216 which is not setting the world on fire but he is making right smart blaze compared to sparks of some few other who broke into Sunday's farce. His average is better than four other in the line-up and surpasses one member by more than .100 points.

All this coupled with a jealous and clanish spirit that exists between two factions on the team because some few desire to give their best efforts on the field, aided by the loss of sleep when all night fishing parties and late hours are indulged in may be considered part of the reasons.

For the first time since the season has been under way the Cards were forced to relinquish their undisputed hold of first place when the Studebakers broke into a tie with them and we hate to predict what is in store for us in the future if something is not done right soon.

Notes.

It is understood from reliable source that Kemper Shelton, former manager of the local club when in the old Bluegrass League, desires to annex himself with the Cardinals. Kemp was one of the cleanest and finest players that ever wore spike shoes on a local lot and it is very doubtful after seeing a report of Sunday's farce if he can still be induced. The press wished to extend thanks to the management for their appreciation in the way they have installed a press box for the several scores. Again they were forced to take what was left and even fight for a chair to sit in.

ONLY SMALL SUM CONTRIBUTED HERE FOR STATE MEMORIAL

People of Maysville and Mason County Have Not Contributed Very Liberally to Fund for Building Memorial to Soldiers.

Superintendent W. J. Caplinger, chairman for Mason county, of the Kentucky Memorial Building Fund, makes the following announcement:

As a result of our efforts to collect a fund for the Memorial Building to be erected on the campus of the State University at Lexington, the following amounts have been paid by those named below:

| | |
|----------------------|---------|
| W. T. Berry | \$18.85 |
| Mrs. Florence Wilson | 11.50 |
| Mrs. Sue Nauman | 11.00 |
| Miss Opal Baugh | 7.50 |
| Mrs. J. B. Ross | 7.50 |
| Mrs. A. F. Ball | 6.00 |
| Miss E. DeBolt | 3.15 |
| Miss V. M. Hurd | 3.10 |
| Miss Bessie Martin | 2.10 |
| Miss Flossie Jones | 2.08 |
| Dr. Edwin Matthews | 3.00 |
| Miss Lucile Smith | 1.00 |
| Lyde Chenault | 1.00 |
| John Chenault | 1.00 |
| G. E. Beckett | 1.00 |
| Amelia Watkins | 1.00 |
| Brent Wood | 1.00 |
| Total | \$78.78 |

We were considerably disappointed in not getting any contributions from the grown folks of the city, however. It may be that more of us will want to do our part as the plan is further materialized.

It seems to me that the Alumni Association of the University of Kentucky should get behind the movement and help their Alma mater as well as to show their interest in erecting a memorial for the World War's dead.

Should anyone wish to contribute further to this fund through us, leave the amount with Miss Louise B. Hunsicker. We are sending the \$78.78 to the Treasurer, Jno. R. Downing, Louisville.

JUDGE COCHRAN IS NATION'S FOREMOST MOONSHINE JURIST

Judge Cochran Has Handled More Moonshine and Liquor Cases Than Any Other Judge in the Whole of the Nation.

Sunday's Lexington Leader carries a most interesting feature story on Judge A. M. J. Cochran's record on the Federal bench. It says in part:

Judge A. M. J. Cochran, of the Federal District Court for Eastern Kentucky, who is now presiding at the summer term of Federal Court in Lexington, will complete his twenty-first year on the bench in this district in a few months.

If all the federal judges in the United States should hold a jubilee and invite all the moonshiners and bootleggers they have sentenced as the guests of honor, Judge Cochran would qualify as soon as the guest line have over the horizon as the champion "moonshine judge of the universe."

In his twenty-one years of service on the bench he has sentenced or fined between 15,000 and 18,000 men and women for violating the liquor laws, according to the judge's estimates.

When Carrie Nation was wielding her tomahawk in virtuous glee in the bar rooms of the east, when "local option" conveyed no more meaning to the collective brain of many large cities than did the scratches on the ancient rocks of Pompeii and when prohibition was not mentioned outside of churches, Judge Cochran was sending moonshiners to jail and to the penitentiary.

Long before Volstead conceived his great idea, Judge Cochran had qualified as the nation's leading authority on moonshiners and their ways. As judge of a district conceded to be one of the country's most firmly entrenched strongholds of the illicit distiller, he had ample opportunity to learn the "tricks of the trade."

On one occasion twenty-one moonshiners were sent to the federal penitentiary from one of his courts, a special car being required to transport them. That was in the day of the old revenue law when a moonshiner could be sent to the penitentiary. Judge Cochran finds fault with the Volstead law because it is too easy on moonshiners. Under the old internal revenue law he could send a moonshiner to the penitentiary for the first offense. Under the Volstead law all he can give a first offender is six months in jail and a fine.

But anything the Volstead law lacks in roughness on the moonshiner Judge

The Health Office on Court street has an abundance of anti-typhoid vaccine on hand for free distribution and we recommend it for those who wish to protect themselves against vacation typhoid. Your family physician will be glad to administer the injections. This is a matter, too, which ought to be considered very carefully by travelers who are not sure of the water supply and by those who are bent on pleasure in the country. Your present source of drinking water may be tested and safe but you can't carry sufficient along with you.

The typhoid vaccinations will be given at the Health Office to all applicants.

Better be safe than sorry.

BABY HARDYMAN.

Mr. and Mrs. Clarence Hardyman, of the Orangeburg neighborhood, are the proud parents of a fine baby boy born Saturday evening.

Cochran make up against their attorneys when they attempt to delay a trial without good reason, or when, in the judge's opinion, the unnecessarily delay the progress of court with arguments and irrelevant questions.

During the past week after an attorney had argued a motion and it had been sustained the attorney started on a new tack regarding some feature of the case. The judge broke in with the question, "Aren't you satisfied with my ruling in the case?" When the attorney replied that he was, the judge said: "Well, sit down then! I sometimes think you lawyers would get along better if you did not talk so much."

62 ENROLL ON FIRST DAY OF MASON NORMAL

Mason County Normal School Opened Monday With Large Enrollment—Many Kiddies Take Primary Work.

The second annual session of the Mason County Normal School opened at the Maysville High School Monday morning with interest high and sixty-two teachers and prospective teachers enrolling for the six weeks' free course offered through the co-operation of the state, county and city school authorities.

The school will be in charge of Superintendents Turnipseed and Caplinger. Prof. George Noel, principal of the Maysville High School, will be the principal and active head of the training school and he will be assisted by Prof. Gordey Young, principal of the Mayslick Consolidated High School, and Prof. H. S. Calkins, instructor in mathematics at the Maysville High School. Miss Virginia Mae Hurd, teacher of the primary room of the First District School, organized an ideal primary room Monday morning with about twenty-five pupils in the two first grades. This primary school will be taught as an observation school for the students in the Normal course.

Indications are that this year's Normal course will be most successful as there is a large enough enrollment to make the school very interesting.
